The COVID-19 Immunisation programme in Northland

Vaccination roll-out

- More than 100,000 doses of COVID-19 have been administered across Northland.
- 46.8% of the Northland enrolled population aged 16 and above (129,921 people) have received at least one dose of the vaccine; 30.3% of those aged 16 years and above are now fully vaccinated.
- The roll-out to the new category of ‘essential services’ has begun, with 63 essential staff vaccinated on Friday 20 and Saturday 21 August as recorded in the COVID-19 Immunisation Register (CIR).
- Vaccinations have been extended to 12- to 15-year-olds: 9,951 in this age-band live in Northland, 5,145 being Māori. None are likely to have been vaccinated to date.
- The extension brings the eligible and enrolled population of Northland aged 12 and above to 146,933 people; this reduces the percentages of the eligible and enrolled population who have received one dose to 41.4%, and who are fully vaccinated to 26.7%.

Vaccination data

- 100,193 doses have been administered so far in Northland, according to the CIR dashboard.
- 60,778 people have received their first dose of the vaccine; 39,364 people have received both doses of the vaccine.
- 3,077 vaccinations were given from Friday 20 to Sunday 22 August 2021, during Level 4 lockdown.
- All vaccination sites were closed on Wednesday 18 August; Northland DHB vaccination centres operated at reduced capacity on Thursday 19 and Friday 20 August 2021 and were closed on Sunday.
- The rolling 5-day average on Friday was 766.6 vaccinations.
- The highest number of vaccinations administered on any day was 2,207 on 5 August 2021.

Bookings

- From Friday to Sunday 20-22 August 2021 there were no cancellations (“No Shows”) at the NDHB vaccination sites.
