

COASTAL MARINE APPLICATION

Mary Jane & Mark Dominic Hillier,

2884 SH 10,

MANGONUI, 0494

FAR NORTH

21.04.2022

Tena Koutou,

In accordance with section 62(3) of the Marine and Coastal Area (Takutai Moana) Act 2011, we are notifying you of our intention to lodge, for RENEWAL the attached resource consent application with the Northland Regional Council for a mooring, a jetty and a ramp within the Coastal Marine Environment of the Oruaiti River area, , Mangonui, FAR NORTH. We seek your view on the application attached, if you have any..

For further details regarding the nature of the application or if you have any questions or views in respect of the application, please contact Mark Dominic Hillier 09 4060729 or cell 021 162 5277, or the Consents Department at Northland Regional Council citing the pre-application reference APP.008059.01.03.

Nga mihi nui,

Mark Dominic & Mary Jane Hillier

Rosie Conrad

Kia ora Mary Jane

Just resending this email. Please note that I've attached both applications you have in for the Jetty and Boat ramp, and the mooring.

When you send the letter, please cc' in my colleague Katie McGuire as today is my last day at council. Katie McGuire katiemcguire@nrc.govt.nz

Thank you for your application for resource consents for your jetty & boat ramp and mooring in the Mangonui Harbour. Unfortunately the council is not yet able to legally receive your application at this time as the activity is located within an area in which a Customary Marine Title (CMT) application has been made to the High Court.

Please see the following links for an explanation: : <https://www.tearawhiti.govt.nz/te-kahui-takutai-moana-marine-and-coastal-area/> and <https://www.courtsofnz.govt.nz/the-courts/high-court/high-court-lists/marine-and-coastal-area-takutai-moana-act-2011-applications-for-recognition-orders>

Before your application can be legally received by the council you are required to provide evidence that you have notified the relevant CMT applicant groups of your resource consent application to seek their view on it. This is a requirement of the Marine and Coastal Area (Takutai Moana) Act 2011. Evidence of the notice can be a copy of a letter or email sent to the CMT applicant group.

The easiest way to provide notice is to do the following:

- **Copy and paste the blue table of CMT applicant groups** I have provided below as well as the suggested wording (please update the highlighted section) into the body of a new email.
- Attach a copy of your application (I have attached a copy to this email).
- Send the email notice to all of the email contacts included in the blue table. **Please make sure to cc me in when you send the notification email and I can check to make sure all of the contacts have been included.**

As soon as the council has received a copy of the notice to all of the relevant CMT applicants then your resource consent application will be formally received and the council can start processing it. Please let me know if you have any questions regarding this process. You can send me a copy of a draft if you would like me to check it before you send it off.

Suggested wording for the notice to CMT Applicants is as follows:

“Tēnā koutou,

In accordance with section 62(3) of the Marine and Coastal Area (Takutai Moana) Act 2011, I/we am/are notifying you of my/our intention to lodge the attached resource consent applications with The Northland Regional Council for (insert activity) within the Coastal Marine Environment of (location). I/We seek your view on the application if you have any.

For further details regarding the nature of the application or if you have any questions or views in respect of the application, please contact (insert your name and contact phone number), or the Consents Department at Northland Regional Council citing the pre-application references APP.034912.01.02 and APP.008059.01.03.

Nga mihi nui”

The relevant CMT Applicant groups and contact person to provide notice to for each group is as follows:
