

E rongō ana mātou te karanga o te Nōta, he mihi māhaki, he mihi maioha ki a koutou.

The 'he waka eke noa' – pricing agriculture emissions workprogramme are coming to the North for 2 tailored hui over the next 2 weeks.

Kaupapa

The Government plans to introduce a farm-level levy on agricultural greenhouse gas emissions in Aotearoa New Zealand from 2025. It has released its proposals and feedback is being sought between 11 October and 18 November 2022.

There are proposals that may impact you as a farmer, grower, business owner as well as collectively owned land.

We are interested to hear from the community about the impact that this proposal will have on Māori. We also want to discuss any concerns and ideas you have about the proposal so that you are prepared, aware, and informed to respond in the form of a submission.

Āhea

The locations, times and dates of the hui are listed below:

- **11:30 am Wednesday 9 November Kaitiāia:** Taipa Beach Resort, 22 Taipa Point, Taipa
- **11:30 am Wednesday 16 November Paihia:** Copthorne Hotel Bay of Islands, 1 Tau Henare Drive, Paihia
